NEHA MEHANDOLE

Software Developer

Highly motivated and passion for web development, well versed in technology and writing code to create systems that are reliable and user-friendly. Ability to learn and master new technologies.

Experience

January 2024 - June 2024
TechPlusD2C, Nagpur, Maharashtra
Software Developer and Shopify Developer

I worked on Shopify Storefronts using HTML, CSS, JavaScript, and React.js to develop appealing e-commerce stores for clients. Currently, I am focusing on enhancing my expertise in React.js, specializing in crafting interactive user interfaces and dynamic web applications, and developing responsive UI/UX interfaces for various devices and screen sizes. I joined TechPludD2C with enthusiasm to contribute my skills, but the lack of projects aligning with my expertise has led me to reconsider my position in the company. Therefore, I have decided to leave.
